STATE ROUTE 210 CONSTRUCTION CLOSURES IN SAN BERNARDINO WEEK OF MARCH 27

State Route 210 construction will require temporary closures of the following streets in San Bernardino:

Macy Street and State Street

State Route 210 continues storm drain installation work on Macy and State Streets.

Crews will require intermittent full closures of Macy and State Streets. Closures will rotate from one street to another to keep one street open at all times. Work will continue through April 8.

Cajon Boulevard

Cajon Boulevard will remain temporarily closed between Medical Center Drive and Hancock Avenue weekdays through March 31 between the hours of 7 a.m. to 3 p.m.

Motorists will be detoured using California Street to eastbound Highland Avenue, then to northbound Medical Center Drive and back onto Cajon. Detour signs will be in place to direct drivers through the area.

Highland Avenue

Truck Hauling

State Route 210 construction project continues its truck hauling operation in San Bernardino. Large dirt moving trucks will cross Highland Avenue between California Street and the Route 30 through April 8. Work will occur weekdays between 7 a.m. and 2:30 p.m. Flagmen will be stationed along the hauling route to control traffic, enforce safety and direct the extra-long trucks. Signs will be posted to alert drivers of possible delays.

Motorists will be detoured using Highland Avenue, Medical Center Drive and Baseline. Pedestrian access may be limited during this closure and will only be permitted on the west side of California Street under the supervision of construction flaggers.

Lane Closure

State Route 210 construction will require a temporary lane closure of Highland Avenue between Macy and State Streets. The westbound outside lane will close intermittently through March 31 for construction crews to finish street widening improvements.

For more project information, call the Route 210 toll-free helpline at 1-866-HELP-210 or visit the SANBAG website at www.sanbag.ca.gov. SANBAG and Caltrans appreciate your patience during construction of this new freeway. Please allow extra time when traveling through the construction area and follow all signs and detour routes.

Remember, Safety: It's no accident!
